

THE CORNELL CLUB

NEW YORK

Founded by Cornell University graduates in 1889, The Cornell Club-New York has been in existence in Manhattan for over a century. The Club is a place to dine with family and friends, host a meeting or social event in a private dining room, enjoy a restful stay in an overnight guest room, and foster intellectual, social, and cultural growth through networking and club programs.

In 1989, through the generosity of an alumnus anonymous donor and Member of The Club, our permanent home became 6 East 44th Street. Enriched in tradition of higher education, community service, and continual learning, The Club maintains its relationship with Cornell University along with Weill Cornell Medical Center and Cornell Tech, both of which are located in New York City.

Nestled on Club Row, The Cornell Club is a 14 story brownstone featuring 48 finely appointed overnight guest rooms on our upper floors. The Club's main floor reflects a warm and welcoming ambiance. Completing the first floor, The Club offers its Members a Tap & Grill Room and Business Center. The second floor is home to our formal Cayuga Dining Room and Cayuga Lounge. The A.D. White Library is located on the third floor and offers Members relaxation coupled with quiet work areas. On the fourth and fifth floors of The Club, one will find the perfect venues where Members have hosted family, friends, and colleagues throughout our club's history. These rooms are also utilized to accommodate The Club's many prominent speakers and private dining programs. Located on the entire sixth floor is the Health & Fitness Center, featuring state-of-the-art equipment, Peloton Bikes, private

trainers, a massage therapist, and course instructors.

THE CORNELL CLUB

"It was a pleasure to see that the Cornell Club had a nice mix of members from various class years and everyone was very friendly. I live outside of manhattan, and joined primarily to participate in special club events like wine inclusive dinners featuring guest chefs, speakers, and wine makers. However, I soon found myself coming into the city for other club sponsored events like wine tasting, lectures, and holiday events."

QUALITY AND COMMITMENT OF MEMBERSHIP

- Members hail from prestigious universities around the world, allowing endless opportunities to promote a spirit of camaraderie and philanthropy.
- The Club prides itself on members creating a club community: a willingness to mentor fellow members, share their skills and stories through member programming, form "clubs within the club" and maintain a long standing series of networking events.
- The professionalism of our Meetings & Events Department is trusted by the leadership of Cornell, our affiliate schools, and Fortune 500 companies to host meetings and corporate events.

"Thank you so much for making our daughter's graduation party so memorable. Your attention to detail was outstanding... we actually felt as if we were in someone's home. You and your team were able to maintain a high standard from arrival to the last bite! The service was attentive and gracious.

We look forward to our next event at The Cornell Club."

GOVERNANCE AND PRUDENT FISCAL MANAGEMENT

- The Club has the lowest dues structure (in comparison to peer clubs).
- The Cornell Club maintains a hybrid model of governance since The Club is owned by Cornell University. There is clear separation between governance and Management and also clear separation between University and Club Governance.

THE CORNELL CLUB

- The General Manager reports to the Chairman of the Board.
- The General Manager and staff provide the day-to-day management of The Club.
- The Program Committee is chaired by a board member who oversees an active group of club volunteers.

"I live in NYC and wanted to have a place to work outside of my apartment. What started as a place to focus on work has turned into a welcoming place to work and play! I break from my zoom meetings to enjoy the in-person company of fellow members for lunch or after work drinks in the Tap!"

- We have previously noted our commitment to the environment and sustainability and always explore new opportunities to enhance our efforts.

- The Club's Program Committee hosts over 120 events per year. We maintain a calendar of hybrid events to engage our Members outside of the Metro NY area. Here in NYC, we host an array of events here at The Club and throughout the city. Our monthly walking tour series is a highlight of the club calendar.
- With Members seeking a new way of using our services, we offer online ordering for take-out dining, an upgraded app, and expanded work areas.

"The Club is my favorite place to stay. It is perfectly located, expertly managed and reliably comforting."

THE CORNELL CLUB

"I love having use of the reciprocal clubs. I interviewed in three cities right after college and it was a huge plus to know I could secure an overnight room and prep for my interviews in a private club setting. And, it impressed my future boss when I told her I would be staying in one of her cities most exclusive clubs!"

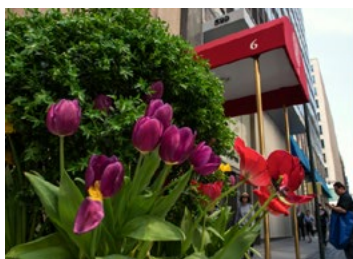

OVERALL EXPERIENCE

- On a daily basis, The Club's staff strives to provide our Members with a club experience that makes them proud to be a Member and eager for their next visit.
- A Club membership is a personal one in that while one Member receives the most satisfaction from a lively meal with friends, another finds happiness in the tranquil setting of the library. It is with this in mind that we hope all our Members will come to The Club to *Reconnect. Reminisce. Relax.*
- Whether it is a day at The Club or the extended stay of our business travelers, one thing we often hear is "everything I need to right here at The Club". This can be the convenience of our complimentary coffee bar, dry cleaning and laundry service, or grab and go dining.
- Membership extends beyond The Club. Management and our Program Committee have forged a partnership with our peer Ivy League Clubs; Penn, Yale, Harvard and the Princeton Club (until its closure in 2020) sharing best practices, joint programming, and general camaraderie.

"I think we are all eager to find new ways to connect, settle into hybrid work and increased travel. I have found a new home in NYC and it's The Cornell Club-New York. The staff is so attentive, the bartenders feel like old friends, and I have met so many new people. Even the Fitness Center is a place to socialize and meet new people. I'm so happy that I joined The Club!"
